Vanadium: Extraction of vanadium from titaniferrous magnetite ores of Andhra Pradesh 235
Vapour-liquid equilibria in the ternary system benzene-cyclohexane-*tert*-butanol at 760 mm. Hg ... 66
Vapour-liquid equilibrium data: Isobaric vapour-liquid equilibrium data for binary systems benzene-cyclohexane, benzene-isobutanol & cyclohexane-isobutanol 212
Vapour-liquid equilibrium data for cyclohexane-acetic acid system 264
Vapour-liquid equilibrium data for the system ethyl acetate-ethylacetoacetate at 100 mm. Hg pressure 196
Vapour phase additive chlorination: Catalytic behaviour of impregnated & unimpregnated active charcoal in organic vapour phase additive chlorination 185
Vapour phase hydrodealkylation: Mechanism of catalytic vapour phase hydrodealkylation of toluene in fluidized beds 260
Vapour phase hydrolysis: A kinetic model for the catalytic vapour phase hydrolysis of chlorobenzene ... 174
Vapour phase oxidation: Single step catalytic vapour phase oxidation of benzene 314
Vapour pressure-temperature correlations for saturated fatty acids 303
Varma, Y. B. G.: Ejection pressures & strengths of compacts of powders 335
Vegetable oils: Preparation of saturated long chain fatty alcohols from vegetable oils for use as water evaporation retardants 155
